

Post-Study Survey

* Indicates required question

1. Participant ID *
- (ask us if you don't remember)

2. Occupation and/or discipline?
(e.g. Software Engineer, Computer Science Undergraduate Student, Neuroscientist, Business Analyst)

Thoughts on Your Experience Today

3. In what way do you think Plottery **helped** support you in completing the tasks?

4. In what way do you think Plottery **failed** to support you in completing the tasks?

The next four questions will ask you about the four editing modes:

1. **The plot:** Direct manipulation on the plot itself
2. **The sidebar property editor:** Manipulating the layers and properties in the sidebar
3. **The AI assistant**
4. **The code cell:** text editing in the ordinary code box above the plot

5. **Plot:** When did you choose to use direct manipulation (clicks and drags) on the plot in Plottery?
When might you like to do so?

6. **Sidebar Layers/Properties:** When did you choose to use the layers/properties editors in the sidebar? When might you like to do so?

7. **AI:** When did you choose to use the AI assistant? When might you like to do so?

8. **Code Cell:** When did you choose to use ordinary text editing in the Jupyter code cell? When might you like to do so?

9. What do you wish the tool you used today could do that it doesn't do now?

10. Is there anything else you think we should know about the tool, your experience with it, etc.?
